

Airport Transfer for Under 18s

Rose of York
Language School
London

We strongly advise students aged 16 and 17 to book our return airport transfer to avoid any problems upon arrival in the UK. Students aged 16 and 17 do not require assisted check-in on departure.

All students under 16 years of age must book our return airport transfer with assisted check-in on departure unless they are travelling with a named adult, relative or guardian.

All drivers are DBS checked and experienced in carrying out airport transfers for unaccompanied minors. The school provides the driver's details in advance. Drivers always carry ID.

If the student is under 16, the driver's details must be given to the airline company prior to the student's arrival.

On arrival, the driver meets the student at the arrivals hall with a sign displaying the student's full name and the school logo. The driver must collect students under 16 from a member of the airline company staff. This takes place at the arrivals hall or the immigration office. If assisted check-in on departure is required, the airline company must be informed of the driver's details, too. The driver helps the student with check-in and waits with the student at the airport until their flight departs.

The driver does not leave the student at any point until they have delivered the student safely into the care of their homestay host on arrival, or until the student's return flight has departed.
